Examples may include curricular field trips, programs of choice, cultural activities, options programming. All fees are cost recovery.
ART
<p>Junior High Art - This course teaches students about different ways of creating art such as ink, watercolors, chalk pastels and oil pastels. There is also a clay unit in the junior high class where the students create animals and people. Students are also provided with sketchbooks in which they develop ideas and complete small scale assignments in pencil and ink.</p>
<p>Senior High Art - This course teaches students about creating art for public display. Students work with a wide variety of chalk pastel, oil pastel and oil paint. Each student is provided with a sketchbook to develop ideas and complete specific assignments. Students also work with wire, plaster of paris, gauze, beads and clay in a 3D unit.</p>

Grade 7-9	\$20.00
Grade 10-12 - Quarter Fee	\$20.00
Grade 10-12 - Semester Fee	\$40.00
CFI FLIGHT ACADEMY	
<p>Students will begin course work, spend time in the simulator working towards the ability to write their private pilot license exam at the end of year. Fee is for instruction, simulation time and workbooks. This course takes place at the CFI Flight Academy.</p> <p>"If a student completes the 3 years, and if they want to continue their pilot career with us, CFI will grant a credit of \$3,000 CAD to continue the training. The credit granted will be used to obtain the Private Pilot License at CFI Flight Academy, we will not cover training somewhere else"</p>	
Grade 10-12	\$2,500.00 First Year Fee
Grade 10-12	Pay as you go with the Flight Academy
CONSTRUCTION	
<p>Junior High Construction - This course will introduce basic woodworking tools and techniques. Students will use those skills to work through a challenge, or series of challenges in order to solve a problem.</p>	
<p>Senior High Construction - This course will introduce the basics of construction and cabinet making through a series of projects. Each project will introduce a basic skill or idea. Once a student has finished these projects, they will have the freedom to develop a project that is of interest to them. As students' progress through 2000 and 3000 levels in this course, projects will become more involved, and students will gain a deeper understanding of the required skills.</p>	
Grade 7-9	\$25.00
Grade 10-12 - Quarter Fee	\$30.00
Grade 10-12 - Semester Fee	\$60.00
COSMETOLOGY	
<p>Junior High Cosmetology is an exploratory course where students can try a wide</p>	

range of Cosmetology components to see where their interests are moving into high school.

Fees include consumables such as hair products, shampoo/conditioner, manicuring supplies and materials, skin care products and various other hair and esthetics products and materials

Senior High Cosmetology - This course takes a hands-on practical approach to personal grooming and care as well as teaching the essence of hairstyling and esthetics industries and opportunities. Teaching students' professionalism, customer care and service as well as basic skills to perform a multitude of services, all while enhancing cooperation, collaboration and interactions with customers from the local community. Industry standard hair products are purchased at a significantly reduced cost through a bulk buying arrangement.

Fees include consumables such as hair products, shampoo/conditioner, manicuring supplies and materials, skin care products and various other hair and esthetics products and materials

HAIRSTYLING APPRENTICESHIP PROGRAM

This course is equivalent to completing your post-secondary education for the Hairstyling Apprenticeship Program and must be taken throughout High School in order to complete. This will allow students the opportunity to complete their government exams and begin their Apprenticeship hours upon completion of the program. It would also contribute 50+ credits towards their high school diploma.

Grade 7-9

\$25.00
